

GENERAL EDUCATION REQUIREMENTS WORKSHEET

This Worksheet is *ONLY* for students entering Emory Fall 2005 class and thereafter.

For students entering before Fall 2005 please see:

http://www.college.emory.edu/current/courses/ger_fall1999.html

This worksheet is intended to serve as a preliminary method to determine the courses and requirements needed to graduate.

This form should be used in conjunction with the full explanation & list of courses that satisfy the General Education Requirements located at:

<http://www.college.emory.edu/current/courses/ger.html>

STUDENTS SHOULD CHECK THE DEGREE AUDIT TO VERIFY WHICH COURSES SATISFY THE GENERAL EDUCATION REQUIREMENTS!

Degree Audit website on OPUS: <https://psoftsa.cc.emory.edu/index.html>

OPUS> Academics>Academic Record>View Degree Progress Report>Report Type: Degree Audit: Emory College>GO.

ID/NAME: _____ MAJOR: _____

COMPLETED EDUCATION REQUIREMENTS

Area I: Seminars and Writing

I. A. Freshman Writing Requirement

ENG 101, ENG 181, or CPLT 110: _____

I. B. Post-Freshman Writing Requirement

Courses that satisfy the Writing Requirement will have the suffix "WR" following course number. A course counts towards the requirement only when the "WR" appears.

Three writing-intensive courses after freshman year, two must be completed prior to senior year.

1. After 30 hours/prior to 90 hours: _____
2. After 30 hours/prior to 90 hours: _____
3. After 90 hours/senior year: _____

I. C. Two Seminars

1. First-year seminar—Freshman only: _____
2. Advanced seminar: _____

Area II: Natural and Mathematical Sciences

II. A. Quantitative Methods

1 one-semester course in MATH or CS: _____ (from approved list of courses)

II. B. Natural Sciences

2 courses. One of these two courses **MUST** have a laboratory, and the two courses must be completed in different departments or programs. (See GER requirements for complete list of courses.)

1. Life Sciences: _____
2. Physical Sciences: _____

Area III: Social Sciences

III. 2 one-semester courses. Courses must be taken in different departments.

- 1. _____
- 2. _____

Area IV: Humanities

IV. Two courses, one from A and one from B.

Courses must be taken in two departments.

- A. Textual Analysis: _____
- B. Interpretation and Performance: _____

Area V: Historical, Cultural, and International Perspectives

V. A. United States History

1 one-semester course: _____

V. B. Historical Perspectives on Western Culture

1 one-semester course: _____

V. C. Nonwestern Cultures or Comparative and International Studies

1 one-semester course: _____

V. D. Language (see note next page for additional information)

2 one-semester sequential courses:

- 1. _____
- 2. _____

Area VI: Health and Physical Education

VI.4 One-semester courses:

- A. PE 101: Health Education/Freshman year: _____
(Exempt students must replace PE 101 with additional PE course.)
- B. Principles of Physical Fitness: _____
- C. Elective course _____
Elective course _____

PE courses cannot be repeated for this 4 credit req. unless designated "R".

TOTAL CREDITS: The total number of credits needed for graduation is 132 (128 academic credits plus 4 [non-academic] PE credits).

ACADEMIC CREDITS EARNED: _____

ACADEMIC CREDITS NEEDED: _____

SEE ADDITIONAL NOTES NEXT PAGE!

PLEASE NOTE:

Letter Grade: All courses used to satisfy the general education requirements must be taken on a regular letter grade basis, except Physical Education Courses other than PE 101.

Foreign Language: Each student must pursue study of a language other than the student's native language by completing the equivalent of one year of college-level language study in a single foreign language beyond the student's level of preparation upon entering college. This requirement may be satisfied by 1) taking two courses at Emory, 2) receiving transfer credit from another accredited institution in accordance with the rules for transfer credit, or 3) receiving a score of 4 or 5 on a foreign language or literature Advanced Placement Test and then taking the appropriate sequential course at Emory as determined in consultation with the appropriate language department. Students are expected to develop a familiarity with a second language in order to enhance their understanding of other peoples and cultures.

Students who possess only spoken proficiency in their native language but do not have college-level literacy skills should consult with the language department or program to determine to possibility of satisfying the GER Language Requirement with courses in that language.

Physical Education: Physical Education courses may not be repeated for credit toward the four hours required for graduation unless a course carries an "R" designation showing that it may be repeated. A Varsity sport may be taken TWICE for credit toward the four hours required for graduation, or a student may get one credit each for two different Varsity sports. Students who exempt PE 101 (by AP credit or examination during orientation) must still pass four credit hours of physical education.

General Stipulations

A score of 4 or 5 on an Advanced Placement Examination can be used to satisfy the General Education Requirements.

Students may use an approved General Education course to satisfy two appropriate requirements in Areas II through V, with the restrictions that no student may exercise this option more than twice and that no course may satisfy more than two requirements.

In satisfying the General Education Requirements, students must distribute their work as follows:

1. At least two courses in the humanities (from two different departments) in addition to the first-year writing requirement and the language requirement;
2. At least two courses in the social sciences (from two different departments);
3. At least two courses in the natural sciences beyond the quantitative methods requirement.

All courses used to satisfy the General Education Requirements must be taken for a letter-grade, except for physical education courses other than PE 101: Health Education.

Graduation Requirements:

Subject to the limitations and qualifications stated elsewhere in this catalog, requirements for Bachelor of Arts and Bachelor of Science degrees are as follows:

1. The four semesters of residence immediately prior to graduation taken in Emory College.
2. A minimum of 132 semester hours of credit, of which 128 hours must be in academic courses, not physical education (no more than 16 hours of applied music or 17 one hour dance courses may be counted toward the 128 academic hours).
3. A grade point average of at least 1.9 for all work attempted for a letter grade (2.0 for transfer students) and a 2.0 average in the senior year.
4. Fulfillment of the course requirements for a major, as determined by the major department or program, with a minimum 2.0 average.
5. Fulfillment of the General Education Requirements.
6. Satisfaction of all financial obligations to the College and Emory University.
7. No degree may be conferred to a student while he or she is suspended from Emory College under the provisions of the College Honor code or University's Conduct Code.

Questions?

Questions in reference to General Education Requirements should be directed to the Academic Counselors or Deans in the Office for Undergraduate Education, 300 White Hall.

For specific questions regarding degree certification, contact Dean Priscilla Echols (404-727-1480 pechols@emory.edu) or Ms. Charlene Whitlow (404-727-4256 cgwhitl@emory.edu) in 300 White Hall.
